

FOR NORTH CAROLINA (CAMP LEJEUNE, NEW RIVER AND CHERRY POINT):

31 23 00.00 20 EXCAVATION AND FILL

- **Under 3.16 DISPOSITION OF SURPLUS MATERIAL, add the following paragraphs:**

No soil from construction sites shall leave Marine Corps Base Camp Lejeune or Marine Corps Air Station property, with the exception of environmental remedial activities. Any surplus soil that cannot be reused on its originating site shall be disposed to one of the following locations:

- a. Areas managed by G-3/5 for reuse on training areas for various maintenance activities:

3.1 acre storage east of OP-4 on Sneads Ferry Road.

3.5 acre storage within TLZ Condor off Verona Loop Road.

- b. Prior to delivering soil to these stockpile locations, the following must be conducted:

Coordinate with G-3/5, Mr. Dave Lynch or Mr. Bill Van Pelt, MCI EAST-MCB CAMLEJ at (910) 451-5772/8799, to determine capacity available at the storage locations.

All soils will be clear of deleterious organic material such as brush, stumps, roots and timber and refuse and construction debris.

Contact POCs listed above 7 to 10 days in advance to coordinate delivery of material at the storage locations.

NOTE: Soil contaminated with debris or chemicals cannot be disposed at the stockpile locations. If contaminated soils are suspected or confirmed through presence of UXO, odors, or visual staining, affected soils must be properly tested, manifested, and disposed of in accordance with RCRA regulations. Contact Base EMD, ER Program Manager, for more information.
